***Election/Restrictions***

1. This application contains claims directed to more than one species of the generic invention. These species are deemed to lack unity of invention because they are not so linked as to form a single general inventive concept under PCT Rule 13.1.

The species are as follows:

- a/ Species of Fig. 10;
- b/ Species of Fig. 13;
- c/ Species of Fig. 14;
- d/ Species of Fig. 15;
- e/ Species of Fig. 16;
- f/ Species of Fig. 17;
- g/ Species of Fig. 18;
- h/ Species of Fig. 19;
- i/ Species of Fig. 20;
- j/ Species of Fig. 21;
- k/ Species of Fig. 22;
- l/ Species of Fig. 23;
- m/ Species of Fig. 25;
- n/ Species of Fig. 26;
- o/ Species of Fig. 28;
- p/ Species of Fig. 29;
- q/ Species of Fig. 30;

r/ Species of Fig. 35; and

s/ Species of Fig. 36.

Applicant is required, in reply to this action, to elect a single species to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, it appears that no claim is generic. The reply must also identify the claims readable on the elected species, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered non-responsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

2. A telephone call was made to Attorney Osha on August 26, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 2829

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
